TRIAX TD Dishes

Flexible solutions - easy installation

triax.com

Flexible dish solutions

| standard or customised to your requirements

Choose TD dishes

- the most important part of an installation is the quality of the incoming signal.

Standard assortment

Choose between:

- Size (height) 64, 78, 88 or 110 cm
- Colours - RAL 7016 or 7035
- Acc. bags - Wing nut or 6-edge flange nut with 1 or 2 mastclamps depending on dishsize
- Packaging: Single pack or bulk single pack*

All TRIAX dishes are manufactured in galv. steel and are supplied with mounting kit and TRIAX logo on the reflector. All standard LNBS can be fitted and our range of wall brackets provide different options for your installation.

The two Triax standard colours

Fig. 1

The Triax standard bracket set is available as:
 1 mast bracket with 6-edge flange nut (Fig. 1)
 2 mast brackets with 6-edge flange nut
 1 mast bracket with 6-edge wing nuts
 2 mast brackets with 6-edge wing nuts (Fig. 2)
 - all depending on dish size

Our standard solutions meet most needs

We know no two customers are alike, which is why you can choose from a range of standard solutions or customised dishes and packaging upon request.

As a leading satellite dish manufacturer, we offer "one-stop-shopping" with all accessories needed to get the installation right.

We have also made installation quick and easy, as many parts are pre-mounted on the dish meaning few tools are needed.

**Bulk single pack = 50 or 100 dishes per package, accessories are not pre-mounted but are delivered single boxed to marry with dish reflector.*

Customise to your requirements

We can meet most special requests for:

- Material
- Sizes
- Colours
- Nuts and bolts
- Customised packaging and/or logo

Please contact us to discuss how we can benefit your business.

High quality satellite dishes

| secure crystal clear signals to your TV

Quick and easy installation

Patented elevation brackets with accurate setting scales: Quick and easy installation and adjustment to your desired satellite.

Secure fitting of the feed-arm: The coaxial cable runs through the feed-arm to the back of the dish. Here, an additional plastic locking device keeps everything in place.

Serrated, non-slip mast brackets ensure the stability of the dish.

The pre-mounted feed-arm just needs unfolding. The LNB holder is simply clicked on.

On the TD 110 the feed-arm is not pre-mounted. Instead, for stable mounting, it is secured with an additional wing-nut on the rear of the dish.

The UV-resistant plastic Ø40 mm LNB holder is quickly clicked on to the feedarm. An adaptor is provided for Ø23 mm LNBs.

Accessories

| for a professional installation

Optional brackets for the TD-dish

Choose between:

- 3° and 6° Duo-Block
Elegant solutions in black or grey – for Ø40 mm LNBs. Perfect for reception from two satellite positions, e.g. Eutelsat (Hotbird) and ASTRA
- 3° to 10° Flexi-Block
Custom-made for two Ø40 mm LNBs.
- 3° to 20° Multi-Block
Holds four Ø40 mm LNBs – with min. 4 deg. between the satellite positions. Also available with complete packaging: Bracket, LNB units and DiSEqC switch.

DiSEqC switches & wall brackets

Need to connect more LNB units to you set-top box ?

- MFD 21 DiSEqC switch
- DiSEqC 2X1 position for connection of 2 universal single LNB units to a set-top box.
- MFD 41 DiSEqC switch
- DiSEqC 4X1 position for connection of 4 universal single LNB units to a set-top box.
- Triax supplies a wide range of mounting brackets. We can fulfill all your requirements for dish installation.

State-of-the-art LNB units

Triax Universal LNBs meet the most critical demands in today's market. You are guaranteed extremely low noise in both high and low band – and excellent cross polar isolation. Our comprehensive range includes:

- Universal Single LNB
- Universal Twin LNB
- Universal Quad LNB
- Universal Quattro LNB
- Universal Octo LNB
- Triax fibre optical LNB
- Triax SCR LNB
